SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Regional EOC	Coastal Regional EOC	Southern Regional EOC
Level 1	MRCC	MRCC	MRCC

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated March 2, 2020, at 0700 hours, in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. All Cal OES Regions are providing staff to the Cal OES Multi-Regional Coordination Center (MRCC) in support of statewide operations. The MRCC is a consolidated activation of all CalOES Regional Emergency Operations Centers. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **FEMA-4482-DR-CA**
On March 22, 2020, President Trump approved Major Declarations FEMA-4482-DR-CA (DR-4482) for the COVID-19 Pandemic.
- **Executive Order N-33-20**
On March 4, 2020, the California State Public Health Officer and Director of the California Department of Public Health (CDPH) ordered all individuals living in the State of California to stay home or at their place of residence, except as needed to maintain Continuity of Operations of the federal critical infrastructure sectors.
- **Global Health Advisory**
On March 19, 2020, the U.S. Department of State issued a Global Health Advisory at Level 4 (Do Not Travel) due to the global impact of COVID-19.

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 1000 Hours on [May 28, 2020](#):

- [5,850,219 \(+114,159\)](#) Total confirmed cases in 213 countries.
- [354,319 \(+5,018\)](#) Total deaths.

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 1100 Hours on [May 28, 2020](#):

- [1,678,843 \(+16,429\)](#) Total confirmed cases.
- [100,446 \(+1,415\)](#) Total deaths.
- Numbers reported on Saturdays and Sundays are preliminary and not yet confirmed by state and territorial health departments. These numbers will be modified when numbers are updated on Mondays.
- Please see the attached California Department of Public Health (CDPH) / Cal OES Joint Situation Report for additional details.

SITUATION SUMMARY

Phase II Activation of the Heat Contingency Plan

Phase II actions of the California Heat Contingency Plan are taken as a result of the National Weather Service's issuance of Excessive Heat Warnings with poor overnight recovery for an Operational Area over a period typically three or more days.

- Phase II of the Heat Contingency Plan has been activated through Thursday, 05/28/20, due to forecasts of dangerous and excessive heat for portions of Inland, Coastal, and Southern Regions.

Per the National Weather Service (NWS):

- An Excessive Heat Warning is in effect through Thursday evening over much of the Sacramento and Central Valleys, and through Friday for portions of Southern California.
- In addition to the Excessive Heat Warnings, Heat Advisories are in effect for surrounding areas with high temperatures forecast to range from 90 to 104 degrees across most inland areas.
- High chance for heat stress or illnesses to people or animals.
- Area waterways are running very cold and fast, increasing risk for hypothermia and water rescues.

Actions Taken by Cal OES:

- The Situation Cell produced a Weather Outlook briefing for situational awareness on 05/22/20 and 05/26/20.
- The Situation Cell reached out to the National Weather Service (ROC) to clarify and define the weather forecast.
- Cal OES Situation Cell coordinated and conducted a Cal OES Duty Officer Huddle to provide Situational Awareness by NWS ROC and coordinate gathering intel.
- Cal OES Situation Cell conducted outreach to state agencies outlined in Phase II of the Heat Plan for a roll-up on their activities for this heat event.
- Cal OES Regions provided Situational Awareness Products to Operational Areas (OA).
- Cal OES Regions conducted outreach to the OA on 05/26/20 to compile their actions taken for the heat event.
- CDPH and Cal OES conducted a conference call with the OA on 05/26/20 to provide new COVID-19 Cooling Center guidance.

Actions Taken by State Agencies:

California National Guard (CNG)

- CNG continues to monitor the heat wave and will provide updates as necessary.

Caltrans

- Caltrans has issued a high heat safety alert, reminding all employees about the Caltrans Heat Illness Prevention Plan and equipment, PPE, and supplies available to them. Employees, especially those outdoors, have access to water, shade, cooling towels, sunscreen, electrolyte replacement, and more, to ensure their safety during high heat. Employees have also been instructed to take health illness prevention training.

SITUATION SUMMARY

Phase II Activation of the Heat Contingency Plan (Continued)

Department of Food and Agriculture (CDFA)

- CDFA is monitoring livestock mortality in relation to rendering capabilities. If necessary, they will carry out their responsibilities for alternative carcass disposal options.

Department of Aging (CDA)

- The Department of Aging continues to monitor the heat wave and will provide updates as necessary.

Department of Education (CDE)

- CDE is currently unaffected by current heat, but will monitor and update as appropriate.

Department of General Services (DGS)

- DGS has reached out to some of their emergency vendors to check on the availability of ADA assets and power generation equipment but no specific action has been taken at this time.

Department of Health Care Services (DHCS)

- DHCS continues to monitor the heat wave and will provide updates as necessary.

Department of Public Health (CDPH)

- CDPH has reached out to their local health departments and requested they take appropriate actions to protect vulnerable populations, and submit Situation Reports of any heat-related health impacts as directed in the Public Health and Medical Emergency Operations Manual.

Department of Social Services (CDSS)

- CDSS is creating an advance planning document for fire season sheltering and COVID-19, which will be distributed to the field next week. CDSS is working with the operational areas during the heatwave to address any sheltering care that comes up. CDSS will not be opening cooling centers, so the department is not planning any specific operations this week.

Department of State Hospitals (DSH)

- Relative to the heat wave, DSH Health and Safety units at each hospital are notifying all staff of the heat illness prevention plans, requirements, and safety measures for the excessive heat this week.

Employment Development Department (EDD)

- EDD continues to monitor the situation.

Emergency Medical Services Authority (EMSA)

- EMSA is providing safety briefings to include the need to hydrate, take breaks, reducing the amount of time outdoors, and reporting any heat-related concerns or illnesses for all personnel deployed for COVID-19 response.

SITUATION SUMMARY

Public Safety Power Shutoff (PSPS) Event

SCE PSPS Event 05/27/20

On 05/27/20 at 1754 hours, SCE notified the CSWC of their decision to activate their PSPS Protocols for a potential PSPS event due to a projected threatening weather event in their service area.

Activating PSPS Protocols / Potential to De-energize

- Total Customers Potentially Impacted: 4,026
- Total Medical Baseline Customers Potentially Impacted: 89
- Potentially Impacted Counties: Inyo, Mono
- Weather Event Window: 05/30/20 at 0900 to 1500 hours
- Total Customers Currently De-energized: 0
- Total Medical Baseline Customers Currently De-energized: 0
- Counties Currently Impacted by De-energization: None

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- An Excessive Heat Warning is expected to remain in effect for multiple areas today.
 - Daytime highs will be in the triple digits with poor overnight recovery expected.
 - Max temperatures in the Central Valley and San Joaquin Valley will mainly be in the 100 to 105 degree range.

SOUTHERN CALIFORNIA

- An Excessive Heat Warning is expected to remain in effect for multiple areas through Friday.
 - Temperatures in the deserts will reach their peak today, within the 105 to 109 degree range.

Weather Advisories, Watches, and Warnings currently active in California:

Active Weather Warnings, Watches and Advisories by County:

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

05/28/20 - 06/03/20

Thursday

- Hot temperatures will continue across the state today; temperatures will reach 10 to 20 degrees above normal, causing moderate to high heat impacts for much of the population.
 - Inland areas and areas across southeastern CA will see morning low temperatures in the mid 60s to mid 70s, which is 10-20 degrees above normal.
- Isolated to scattered showers and thunderstorms are possible over the Sierra.

Friday-Saturday

- A cooling trend is expected starting Friday, though moderate heat impacts will continue in some areas, especially in southeastern CA.
- Showers and thunderstorms will increase across northern CA late Friday through Saturday.
 - Gusty winds and heavy rain are possible with the stronger storms
 - The chance for heavy rain will be highest close to the Oregon border
- Areas of gusty winds are expected Friday and Saturday, especially near the Nevada border

Sunday-Wednesday

- Lingering showers and thunderstorms are possible across primarily northern and central CA Sunday through the beginning of next week, with the best coverage of showers in the mountains

CALIFORNIA WEATHER IMPACTS

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

2020-LAW-31810, 5/28/20, 0002 hours: San Mateo County Sheriff, acting in support of Redwood City Police Department, requested a trailing dog to assist in the search for a 63 year old male with severe dementia that walked away from his home. The area to be searched is an urban residential area around the subject's home. Cal OES Canine Coordinator tasked 2 CARDA dog teams for an immediate response to the request. **MISSION ON GOING**

2020-LAW-31702, 05/26/20, 1140 hours: Carpinteria-Summerland/Santa Barbara County Fire Arson Investigators requested Law Enforcement Mutual Aid from Riverside County Sheriff for a Bloodhound trailing canine to assist in the search of an arson suspect in the Carpinteria area. Santa Barbara Sheriff, as the Region 1-A RMAC, concurs with the request. Riverside Sheriff responding resources. **MISSION ON GOING**

- Please see the attached California Department of Public Health (CDPH) / Cal OES Joint Situation Report for additional details.
